

Want the scoop?
Join the Eaton PTA!

Eaton Elementary
PTA[®]

Membership Information

There are many reasons to join the Eaton Elementary PTA, the most important being to benefit your child. Membership is open to anyone concerned with children: parents, grandparents, siblings, or perhaps even neighbors. We encourage you not only to join, but also to actively participate in PTA meetings and functions.

Membership dues are \$5.00 per person. The money is allocated to State and National PTA dues with a small portion retained to help fund projects and programs here at Eaton Elementary.

During the membership drive, the first class in each grade level to reach 100% membership will receive a gift. For example, if a class has 24 students, they must have 24 paid memberships credited to them in order for that class to qualify for 100% membership. So, if you have more than one child, please consider signing up another family member so that each child's class will receive paid-membership credit.

Our goal is to have 100% PTA membership—one PTA member for each child enrolled at Eaton Elementary. Over the years, we have received recognition from the NCPTA and National PTA for achieving this goal. With your help, we hope to continue the tradition!

Please complete the enclosed membership form, being sure to list the classroom that is to receive credit for each membership. Become a member of the Eaton Elementary PTA today!
